

PHM Series

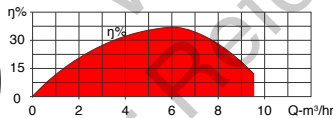

PRESSURE BOOSTERS
"SMART BOOSTING SYSTEMS"

PRESSURE BOOSTERS

Pressure Boosters

PHM Series

Technical data :

Power range	: 0.5 - 2.0 HP
Flow rate	: max. 5 m³/hr
Head	: max. 60 m
Oper. Pressure	: 6 bar

Features and benefits :

- Easy to install and maintain.
- Regulates the water pressure uniformly.
- Pressure can be changed as per the requirement.
- Thermal protection.
- Wide performance range.
- Energy efficient and reliable.

Applications :

- Domestic Building Services
- Commercial Building Services
